

INVITATION

Equal Opportunities in AI Age

Recent studies show that despite all the effort, gender equality in the workplace is becoming more and more difficult to establish. This situation has been, indeed, accelerated by COVID-19 pandemic. Can we reverse this trend? How can AI and advanced technologies enhance equal opportunities? Can we use AI tools to ensure fair decision-making in HR? What is the role of employers and governments in this process?

Dear Madam or Sir,

the Confederation of Industry of the Czech Republic in cooperation with the Office of the Government of the Czech Republic would like to cordially invite you to our online event to debate above mentioned topics with high level representatives from the EU institutions, employers and governments from Central and Eastern Europe.

The event is supported by IBM.
